SPOERRY ICE COTTON® FRESH & COOL TOUCH

*Cool yourself down, ecologically - literally,
with this fabric you can do!*

The beauty of this unique “cooling” material
lays in the usage of the advanced technology
yarn construction unique to Spoerry 1866.

No synthetic fibers are employed - the whole
concept relays on the usage of naturally grown
and selected cotton and of course to the
exclusive, edge of technology yarn producing
process unique to Spoerry 1866.

Spoerry ICE COTTON is the functional and
ecological yarn for exclusive textile creations
with special properties:

- “cool to the touch” effect
- free from harmful allergenic chemicals
- positive contribution to the ecological balance
- natural silken sheen
- perfect yarn structure
- clear weave pattern
- easy care
